

Dear Sue Kelly,

Thank you so much for coming to our school! We are all very excited that you are

Going to tell us about your job and the government. We're eager to learn more! I admire

That you work for the government. I also know that you're a member of the United States House of

Representatives. But what is the United States House of Representatives? After school I had

An activity that was called mock trial. It's where we learn about law and we also get scripts and get a part.

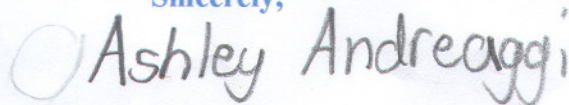

Then every Wednesday we act out the play. For example one play would be the fox sued the 3 little

Pigs. It was very fun to do mock trial. I had a great time. It must take a lot of bravery to be in the law.

You must have to make a lot of hard decisions. I think it would be great to be in the government.

Thank you again for coming to our school.

Sincerely,

 Ashley Andreaggi
